Reviewed the timeline of the Geranium Sales. The Geranium Captains and Reps have met these last 2 Mondays to finalize order forms and confirm the important dates for a successful fund raiser. Questions regarding the mandatory sale of 12 Dozen geraniums or \$250.00 buy-out were answered. The history of fundraising for the Quarterback Club was revisited and that included the lack of participation for up to 40-60% of the boys playing the sport. If parents do not want to write a check for the buy-out then they need to get the player out to sell. It was suggested with families with more than one player that they get a seller sheet from the alumni to increase their opportunity to improve their number of sales. Each player is responsible-not just each family. Those will be distributed on Blitz Day. Boys that wait until Fall to register to play will have an additional fee beyond the District fee and Players fee to cover lack of geranium sales.

NEXT YEAR: Suggestion: Players fee to include the \$250.00 buy-out. Players then have the option to sell the 12 dozen and as they sell beyond that, they can work off more of their players fee.
